

Recent Advances in Pharmaceuticals: Joint Symposium on Pharmaceutical Chemistry and Pharmaceutical Technology

Organized by:
Institute of Pharmaceutical Technology and Biopharmacy
Faculty of Pharmacy, University of Pécs

6th June 2017

Location: 7624 Pécs, Szigeti út 12. Main Building, Seminar Room 3 (Ground Floor)

Opening Session

12.00-12.30 Registration

12.30-12.35 Welcome and introduction
Prof. Dr. Pál Perjési – Dean of Faculty of Pharmacy

12.35-12.40 Opening remarks
Dr. habil. Horváth Györgyi – Vice-Dean of Faculty of Pharmacy

12.40-12.45 Opening remarks
Dr. Szilárd Pál – Head of Institute of Pharmaceutical Technology and Biopharmacy

Scientific Session (Chair: Horváth Györgyi)

12.45-13.00 **Krištof Kranjc:** Achieving Molecular Diversity Through [4+2] Pericyclic Reactions

13.00-13.15 **Aleksandar Széchenyi:** Application of Solid Nanoparticle as Emulsifiers in Controlled Drug Delivery

13.15-13.30 **Franco Perdihi:** Vanadium and Zinc-based Antidiabetic Agents

13.30-13.45 **Szilárd Pál:** Formulation Challenges in Original Drug Development

13.45-14.00 **Pál Perjési:** Chalcones and Chalcone Derivatives. Structure-activity Relationships

14.00-14.15 Final discussion

14.15-14.20 Closing remarks
