

Dear Pharmacy Students!

Initiated by the Student Council of the Faculty there will be Summer Courses announced for Pharmacy students. Details of the announcement have been set as a result of consultation with the UP Board of Education and Law Department.

In the framework of the Summer Courses compulsory courses of the Pharmacy curriculum can be announced during the period 11 to 31 July 2016. These extracurricular summer courses are announced in full compliance with the terms and conditions of the Pharmacy Curriculum. The result (grade) of the successfully passed exam will be recorded in students' „index” according to the regulation of transfer of credits: the courses are self-financing. Announcement of the courses is optional for each department. The minimum number of enrolled students is 5.

According to the preliminary students' interests and responses from the departments this year the following courses will be announced:

General and inorganic chemistry 2
Pharmaceutical Chemistry 2

To apply the courses please fill the attached Application Form and return it to the Office of the Institute of Pharmaceutical Chemistry (7624 Pécs Rókus u. 2). Deadline of application is July 4, 2016.

June 26, 2016.

Pál Perjési, PhD
Dean
