Checking own course list (checking the list of registered subjects)	until August 29, 2026 12am (midnight)
*ATTENTION! August 20 – 21 are workfree days due to national holiday.	

! IMPORTANT! Please read the detailed schedule of the registration period thoroughly, with specific attention to the subject- and course registration, especially the registration of obligatory subjects which will be carried out as follows in accordance with the above dates:

- ✓ In **the first period** of the obligatory course registration those students who progress in line with their recommended curriculum are entitled to sign up in the given subject to the group assigned for them in Neptun. After this, students lose their advantages coming from following the recommended curriculum regarding the given subject and can register for their study group only there are free places.
- ✓ In **the second period** of the obligatory course registration every student is entitled to sign up in the given subject to the group assigned for them in Neptun.
- ✓ In **the last period** of obligatory course registration every student is entitled to sign up to any groups recorded in Neptun depending on the number of free spots.

Deadline

Registration for obligatory subjects will close on August 26, 2026 (Wednesday) 12am (midnight)

⚠ **Please be aware** that one's registration for small-headcount activities (seminars and practices) is merely an indicative measure towards the course director. Changing and altering the size of the study groups, as well as determining their final structure is entirely within the authority of the course directors.

⚠ **Furthermore, in order to avoid having overlaps in the course schedule, students who are considered to follow their curriculum should pay special care to register their obligatory subjects in their own assigned study groups** and not sign up for spots in the other groups during the course registration period.

⚠ The virtual, so-called T0 course groups will only be available **on the last two days [August 25 (Tuesday) - August 26 (Wednesday)]** of the registration period of obligatory subjects. Please only register for this group only if there are no more free places in your own group or in other groups.

⚠ **In order to be able to sign up for pre-scheduled exam(s), first you have to register the exam course.** You will see the dates of pre-scheduled exams of a given subject in Neptun only after registering the exam course.

💡 **Good to know**

Elective and optional subjects: You can find the list of elective and optional subjects of the School in the [course descriptions](#) on the webpage of the Registrar's Office.

Please note, that in order to ensure an optimal progress of your studies it is suggested to register at least 32 credits per semester.

2. UNSETTLED DEBTS AND TUITION FEE PAYMENT OBLIGATION

Deadline

We would like to inform you that the School had set a first payment deadline (**August 7, 2026**) for the students' payment obligations of the 2026/2027 fall semester. Please note that those students who have not settled their previous tuition fee or other debts (retake exam fee, fee for uncertified absence from examination, any other previous debt) until August 7, 2026 will not be entitled to take exams in the prescheduled exam period.

⚠ **PLEASE BE AWARE** that the rules and methods of cash payment at the University of Pécs have been changed effective from the 30th of June, 2024. Detailed information about these may be found at [this link](#). We recommend paying your tuition and the rest of the fees intended for the university primarily through Neptun by card or via bank transfer.

3. HEALTH APTITUDE TEST

We call your attention that according to Article 2 (5) of Annex 15 of the Code of Studies and Examinations students who do not have valid health aptitude test result issued by the Centre for

Occupational Medicine of the University cannot carry out health care activities or in classes with patient contact and will be banned from taking exams in the winter exam period!

 In case you have no valid health aptitude test or the previous result will **expire until December 31, 2026**, please attend the check-up in the fall semester. For more information, visit the Registrar's Office's website [HERE](#).

Good to know

You may check the expiry date of your current health aptitude in *Neptun – Studies – Advancement – Registry record - Training data – Institution data – information field of „End of health-aptitude test validity*

When?

Start of health aptitude test: **August 24, 2026**.

Opening date of appointment booking: **from August 10, 2026** on the following website - <https://hallgatofmk.pte.hu/>.

 **IMPORTANT!** Please do not miss your previously reserved appointment(s). It is not guaranteed that there will be free places at a later date, furthermore, you will be charged for not showing up at your booked appointment in accordance with Article 51 (12) of the [Code of Charges and Benefits](#).

4. SERVICES OF THE REGISTRAR'S OFFICE

Electronic administration:

During working hours (between 8:00 AM and 4:00 PM), our colleagues are at the students' disposal via phone and e-mail. They may be contacted through the means listed on the [website of the Registrar's Office](#).

The Registrar's Office ensures the means of **electronic administration** for the students without the need for personal visits to the office, by offering the option of issuing electronically signed official documents. Due to the uncertain and time-consuming nature of postal deliveries the Registrar's Office is working on modernizing and updating this process and recommends everyone to open an account for the „client gateway” for handling any such procedures.

Electronic documents and any related deliveries may be sent to the client gateway of the Registrar's Office. The address (code) of the RO's account for the client gateway is: PTEAOKTH.

For those students who do have an account for the client gateway and have also given their consent to electronic administration, the Registrar's Office sends their official documents to the client gateway account primarily. Please, give your consent to the electronic administration by submitting the **“Statement of the student on giving consent to the electronic administration” form in Neptun under Requests/Available request forms**.

Customer service of the Registrar's Office

— OPENING HOURS —	
MONDAY	9.00 – 12.00
WEDNESDAY	9.00 – 15.00
TUESDAY – THURSDAY	13.00 – 15.00
FRIDAY	CLOSED

The Registrar's Office is open for handling study-related matters, which happens in the order of arrivals, according to the queue-management system. For the Registrar's Office to be able to help as many students as possible each day, everyone is kindly asked to only come personally to the RO with matters that may be quickly resolved and don't require extended consultations.

💡 In case any student happens to have questions that would require a discussion and advice from our colleagues, we recommend booking an appointment for personal consultation.

Personal Consultations

Please be aware that for the means of supporting the students' study progress the Registrar's Office introduced an option for personal consultations during its opening hours. During these appointments, the students may inquire about their progression, their course registrations, transfer options, as well as matters related to passivation and finances from our colleagues.

Students may book an appointment for one of these 30-minute consultations on the website of the Registrar's Office [on this link](#).

The consultations are held at the inside offices of the Registrar's Office, therefore everyone who booked an appointment is kindly asked to wait on the corridor until they are called by our colleagues.

There is no possibility for issuing documents or other types of certifications (e.g. student status or credit certificates) during these consultations and the number of appointments is also limited, therefore in these simpler matters that do not require a discussion, please continue to use the available means of electronic administration or the regular service provided by the Registrar's Office.

Immigration InfoPoint

We would like to draw your attention that the Immigration InfoPoint is available at the Registrar's Office. Please, turn to our colleague regarding the administration process of residence permit or any questions arising during the procedure on the below contacts or during personal customer service:

Zoltán Illi (+36-72-536-000 ext.: 36014 zoltan.illi@aok.pte.hu)

In case of further questions, the students may contact their administrative officers via the [contacts listed on the website of the Registrar's Office](#).

We wish you a successful semester!

Sincerely,

Registrar's Office
